Profile

Multidisciplinary Brand Designer and Art Director with 11+ years of experience building versatile visual identity systems for technical, product-driven, and financial companies. A deeply curious, experimental maker with a strong track record of elevating brand craft across digital, physical, and cross-functional surfaces. Blends a highly strategic consumer lens with a creative technologist background, expertly bridging the gap between design vision, product storytelling, and design engineering.

Experience

Lead Designer — Studiotra
Toronto | May 2021 – Present

- Designed cross-channel marketing campaigns across email, web, social, digital advertising, print, and OOH
- Delivered 60+ campaign assets for a national financial brand, contributing to 500% increase in program signups
- Built template systems and marketing toolkits enabling teams to produce brand-consistent assets at scale
- Produced video case-study templates improving content production speed and consistency
- Designed presentation systems and investor decks used by executive teams to communicate strategy and financial data clearly
- Partnered with product, marketing, and leadership stakeholders to translate complex concepts into clear visual narratives and compelling campaigns

Graphic Designer — Rouge Media
Toronto | Feb 2019 - Feb 2021

- Contributed to the execution of a comprehensive company rebrand, shaping key digital assets and marketing collateral.
- Partnered closely with marketing and sales teams to develop clear, impactful visual materials for North American markets, ensuring strict brand alignment.
- Streamlined sales workflows by producing scalable presentation templates.

Senior Graphic Designer — Paran Tours
Toronto | Mar 2018 - Dec 2018

- Streamlined production workflows by creating and templatizing a wide array of marketing materials in a high-velocity environment.
- Collaborated directly with the technology team to elevate the brand's online presence and digital footprint.
- Delivered comprehensive digital and print-ready assets, spanning large-format collateral, brochures, and campaign materials.

Graphic Designer — Vision Inside Inc.
Seoul | Oct 2012 - Jan 2017

- Collaborated on the strategic redesign of the primary brand identity and developed highly scalable subsidiary brand systems.
- Partnered extensively with development teams on UI design to ensure smooth implementation and consistency across all digital touchpoints.

Certifications

User Experience (UX) Design, Google
Visual Elements of User Interface Design, CalArts

Education

Media Art and Design, Induk University (Seoul, KOR) | 2014-2017
